May 5, 2005

To: **ALL CONTRACT VETERINARIANS**

Subject: **PRICE CHANGE FOR BRUCELLA ABORTUS RB-51 VACCINE**

The price for Brucella abortus RB-51 vaccine will change as of July 1, 2005. The price of both the five dose and 25 dose vials reflects the prices charged to the State of California by the vaccine manufacturer, the cost of vaccination eartags, tattoo ink, calf vaccination forms, other program costs and shipping charges. New prices are:

5 dose vials	\$3.74
25 dose vials	\$16.39

In addition, Colorado Serum (Professional Biologics Company) will add a \$10.00 minimum order charge for orders less than \$75.00. This minimum order charge will be added to your final invoice. Animal Health Branch district offices stock vaccine and can usually provide you with small orders that fall below the minimum.

If you have any questions, please contact the district office in your area:

Redding District Office	(530) 225-2140
Modesto District Office	(209) 491-9350
Tulare District Office	(559) 685-3500
Ontario District Office	(909) 947-4462

Sincerely,

Kent Fowler, DVM  
Acting Chief, Animal Health Branch  
Animal Health and Food Safety Services
